Discover Columbus City Schools Career-Technical Education Programs

You are invited to discover what Columbus City Schools has to offer. Once you enter through the doors of our Career-Technical Centers, you will find high-quality programming that supports the needs of your child. Learn about new graduation requirements that include industry credentials and workforce readiness options.

Visit one, or preferably, both of our Career-Technical Centers and learn more about their career-technical education opportunities.

Each location will provide:

- Access to local employers that hire CCS students
- Student demonstrations and exhibits in classrooms and labs
- Opportunities to learn about earning college credit and Industry Certification while in a Career-Technical Education Program
- Access to representatives from area colleges, universities and apprenticeships
